Councilmember Green asked if the recommended allocation for Colette's Children's Home could be changed by Council, and inquired about the differences in what was requested by the Home, and recommendations made by CPAB, Agency and staff. Director Smalewitz stated Council's ability to revise the amount, and described the Agency's contractual obligations.

Mayor Pro Tem asked about supplanting Code Enforcement positions. Manager Runzel explained that the request involves two full time officers assigned to the CDBG program. City Administrator Culbreth-Graft discussed the City's position on funding Code Enforcement positions without CDBG funds, and requested that Manager Runzel provide budget actuals for the prior year.

Councilmember Carchio asked if the Board was satisfied with their recommendations for senior citizens, and if the Council On Aging had been consulted. Chairman Johnson stated the Board's satisfaction, and confirmed that contact had been made with members of the Council On Aging.

Mayor Coerper asked if funding Colette's Children's Home will impact Project Self-Sufficiency, or any other organization. He also asked if the Home is of non-profit status, and if it offers assistance to battered women. Manager Runzel responded that the Home is non-profit and serves a broad spectrum, allowing them to operate through a variety of resources. Director Smalewitz added that original discussions involved purchase and rehabilitation of the facility. Mayor Coerper asked if the Home had received funds from the City. Director Smalewitz confirmed, but explained that the money provided didn't fund operating costs. He also discussed the fund allocation process.
